

STATEMENT REGARDING THE RESTRICTION OF HAZARDOUS SUBSTANCES

GENERAL

This document serves as a Declaration of Compliance for the company with regard to the Directive of the European Parliament and of the council¹ on the restricted use of certain hazardous substances in electrical and electronic equipment, also known as the RoHS Directive.

Compliance to the Directive was ascertained through internal research and testing, in addition to independent declarations provided by our polycarbonate vendors.

STATEMENT

All optical disc product manufactured or produced at The ADS Group and provided to our customers* are in compliance with the RoHS Directive. Specifically, products manufactured or produced by The ADS Group do not contain these substances:

Mercury	PBB - Polybrominated Biphenyls
Cadmium	PBDE - Polybrominated Diphenyl Ethers
Hexavalent Chromium	Lead
Deca-brominated Diphenyl Ether	Phthalates

*Kids' Express Train CDs contained in KET sets including KET507, KET506, KET505, AND KET504.
